

Take back control of your spray booth!

FLEX filter life extender

SYSTEM

The industry's first true wireless, high-capacity, flexible filtration system.

FLEX™ delivers up to 15 times more life than traditional filter pads

Savvy sprayers know that no two spraying applications are alike and that when filters are full, they're full... **You have to change them.** Doesn't matter whether it's the middle of the night, middle of a shift or just a couple of hours from the weekend... **filters tell YOU when to shut down.**

Well, no more! Whether you choose a full set of ESP (Extended Surface Pads) for maximum production time between filter changes, or a mixture of ESP and standard pads to target a specific change-out schedule... **CONTROL IS NOW YOURS!**

With triple the media of traditional pads and the real world proven capability of Paint Pockets® exclusive, patented, Diamond Pockets Technology™ (delivering 3-5 times more holding capacity per square foot of media)...

FLEX with ESP lets you finish up to 15 times more product between filter changes yet mixes and matches with pads to meet your scheduling needs.

FLEX CELL™ Grid (empty)

FLEX ESP's (clean)

FLEX ESP's (loaded)

FLEX reduces hot spots

Strategic placement virtually eliminates hot spots where sprayed buildup is a problem. Use **FLEX ESP** where you need them most, maximizing spray time while minimizing wasted time changing filters.

FLEX uses ESP to **I-M-P-R-O-V-E** your finishing/spraying department

I mprove Air Flow

M aximize production time between filter changes

P revent excessive filter change-out costs

R educe cost of partially used filter media

O rganize filter changes to match your schedule

V irtually no filter bypass (Uses patented **ZIPPER™** mounting channels)

E ngineer these advantages for each finish type

Paint Pockets Green 99.43%

Paint Pockets Original 99.84%

Paint Pockets HEPPA™* 99.90%
*Higher Efficiency Paint Pockets Arrestor

Efficiencies per standard paint loading tests performed by LMS Technologies, Minneapolis, MN.

FLEXCell & Zip-It-2

Paint Pockets® FLEXCell™ & ESP (Extended Surface Pads):

Part No.	Description	Quantity per Case
PP-FLEXCell-020-020*	20" x 20" FLEXCell Kit	Each
PP-FLEXCell-020-025*	20" x 25" FLEXCell Kit	Each
PPEGV_202015.15	20" x 20" x 15" PPG ESP	15
PPEOV_202015.12	20" x 20" x 15" PP ESP	12
PPEHV_202015.12	20" x 20" x 15" HEPPA ESP	10
PPEGV_202515.15	20" x 25" x 15" PPG ESP	15
PPEOV_202515.12	20" x 25" x 15" PP ESP	12
PPEHV_202515.12	20" x 20" x 15" HEPPA ESP	10
PP-ZIP-IT-2	Flex Cell Installation Tool	1
